

[&nbsp;](#)

Mariam Petrosyan's award-winning novel [The House That](#) released by Amazon Crossing in English as [THE GREY HOUSE](#) in Yuri Machkasov's wonderful translation. The book is available in Paperback, Kindle, downloadable audio book, and mp3 audio book.

---

"Rich with startling details and vivid world building...the intellectually and emotionally rewarding conclusion confirms this fantasy novel's undeniable power"—***Publishers Weekly***

"Petrosyan's prose is wildly imaginative and beautifully wrought, overflowing in Machkasov's translation with rich sensory details that combine with an offbeat sense of humor to form a fully realized world. This dense, heady tale should be enjoyed by seasoned readers of literary fiction and magical realism...An impressive—and impressively massive—feat of imagination and translation."—***Kirkus Reviews***
